

NEW YORK STATE FAIRGROUNDS PRE-EVENT CHECKLIST

REVISED 10.6.23

PLEASE RETURN VIA EMAIL TO THE EVENTS OFFICE 30 DAYS PRIOR TO YOUR EVENT

A meeting will be required with the Events Department to review the checklist and finalize details regarding your event.

Events Office: (315) 728-4337 • nysfairevents@agriculture.ny.gov

- 1) All events will be charged for parking attendants if they are deemed necessary by the Fair's security manager. This is necessary to prevent parking/traffic issues as well as ensure pedestrian safety on the grounds. The number needed will be based on the size of the show and number of events occurring on the fairgrounds. An estimate may be provided upon request.
- 2) A floor plan must be included with your pre-event checklist 30 days prior to your show. All fire and safety codes must be followed. The # of items needing power per location must be listed.
- 3) A Security Plan must be included if requested by the State Fair Security Manager.
- 4) If you expect more than 5,000 people at your show at any one time, you need to file a Part 18 with New York State Department of Health. This process should be started upon receipt of this Pre-Event Checklist. Link is: <https://www.health.ny.gov/professionals/ems/part18.htm>
- 5) Shuttle services will only be offered based on a review by fair management and will be based on crowd size and the number of events occurring on the grounds. The shuttle service will be charged the "Shuttle Bus with Driver" rate listed on the current rate sheet. This cost is passed on to the promoter and is listed on your additional billing. You will be sent an estimate prior to the start of your event for planning purposes. You may obtain your own shuttle services at your own expense.
