The New York State Department of Agriculture and Markets, for its Division of the New York State Fair (the “Department” and the “Fair”), is soliciting applications from food and beverage service vendors to provide either or both temporary food & beverage service and event catering for functions held on the New York State Fairgrounds where we do not have a permanent food facility (excluding the Empire Room and Somerset Room in the Art & Home Building; the EXPO building (main floor only) and the Center of Progress Restaurant) in the Town of Geddes, Onondaga County (Syracuse), New York. Temporary Food & Beverage and Catering services must include, if requested, the sale of beer, wine and spirits.

These temporary food & beverage services and catering services will not be required, or permitted, during the annual New York State Fair, which is applied for and licensed separately. This temp application also does not cover the Syracuse Nationals.

The Department will establish a list of licensed vendors. All show and event promoters and organizers using the Fairgrounds who choose to provide food service at their event may provide that service only through a vendor, or vendors, selected from that list. Each licensed vendor that is selected to provide food and beverage service for an event will pay to the Fair a percentage fee per the rate structure established by the Department.
