WIDE-OPEN SPACE

Tractor Supply Co. Exhibit Center

ABOUT THE VENUE

Room for a Whole Lot of Show

The Tractor Supply Co. Exhibit Center is the largest of the Fairgrounds' historic buildings. With more than 90,000 square feet of space, there's room here for almost anything, from a trade show to a livestock event. Temporary stalls turn this building into a facility suitable for a cattle show. Many big overhead doors make the load-in and load-out go quickly.

FOR THE BIG SHOWS

Sleep Number Center of Progress

ABOUT THE VENUE

Big Space for a Big Show

The Sleep Number Center of Progress Building is one of the most classic of all Fairgrounds buildings. With approximately 70,000 square feet of wide-open space, this is the place to hold big events and trade shows. The building features a privately operated restaurant and a loading dock that can handle a lot of deliveries.

Horticulture Building

Perfect for Mid-Sized Events and Exhibits

If you need a space that's not too big and not too small, the Horticulture Building is the place for your event. At just over 50,000 square feet, it will accommodate lots of activity without feeling crowded. The art deco entrances are a graceful touch.

COZY EVENT SPACE

Science & Industry Building

ABOUT THE VENUE

A Home for Smaller Events

The Science & Industry Building is just the right size for a smaller event. It has played host in recent years to indie music concerts, boxing matches, a community garage sale and more. It's also perfect for the event that needs a second building for a special subset of the main event.

OUTDOOR STAGE

Chevy Court

ABOUT THE VENUE

The Chevy Court stage, located in the heart of the classic section of the Fairgrounds, is a performance stage ideal for concerts, plays and major announcements. During the Fair, the stage has hosted performances from major international music acts, such as Earth Wind & Fire, Bruno Mars and Lady Antebellum. The 68,000-square-foot open-air area will hold a crowd of up to 30,000 people. Chevy Court features a full backstage with multiple dressing rooms.
